- The Bhoomi Rashi Portal is an e-Governance initiative of the **Ministry of Road Transport & Highways**.
- The portal intends to **expedite the process of land acquisition for National Highways**.
- It has **fully digitized and automated** the entire process of land acquisition.
- It has helped to make land acquisition **error-free & more transparent** with notifications at every stage being processed on a real-time basis.
 - Earlier, the acquisition of land for the purpose of National Highway projects, payment of compensation to the landowners etc. was done **manually by physical movement of documents**.
 - It had some constraints viz. delay in issuing land acquisition notification, errors in the land/ area details etc.
- The portal is **integrated with the Public Financial Management System (PFMS)** for depositing the compensation in the account of affected/ interested persons on a real-time basis.
