

## Kiliki Language

---

 [drishtiias.com/printpdf/kiliki-language](https://drishtiias.com/printpdf/kiliki-language)

- On **International Mother Language Day (February 21)**, Kiliki, a **fictional language** was launched by the Karky Research Foundation of India.
- It now has evolved into a language with script grammar and more than 3000 words for everyday communication.
- It is considered as the world's easiest language.
- This language is not associated with any race, community or caste.
