Transparent Composite Cylinder | Uttar Pradesh | 02 Nov 2021

Why in news

On November 1, 2021, Chief Minister Yogi Adityanath launched the transparent composite cylinder.

Key points

- It is being **manufactured by IOCL**. Indane plans to take it door-to-door in Lucknow, Gorakhpur, Varanasi, Prayagraj and Kanpur.
- It is a three layer cylinder made of blow molded inner liner, which is covered with a composite layer of polymer fiber glass.
- This cylinder is lightweight and rustproof and does not explode in case of fire. This will also help in preventing gas theft from cylinders.
