

Draft Lakshadweep Development Authority Regulation, 2021

Why in News

The latest **Draft Lakshadweep Development Authority Regulation, 2021**, for the creation of a **Lakshadweep Development Authority (LDA)** is widely resented by the people of [Lakshadweep](#).

Key Points

▪ About:

◦ Constitution of Lakshadweep Development Authority:

- It **empowers the government, identified as the administrator, to constitute Planning and Development Authorities** under it to plan the development of any area identified as having “bad layout or obsolete development”.
 - The authority would be a **body corporate with a government-appointed chairman**, a town planning officer and three ‘expert’ government nominees besides two local authority representatives.
- These **authorities are to prepare land use maps, carry out zonation for type of land use** and indicate areas for proposed national highways, arterial roads, ring roads, major streets, railways, tramways, airports, theatres, museums etc.
- Only **cantonment areas are exempted** from this.

◦ Defines ‘Development’:

- It defines development **as the carrying out of building, engineering, mining, quarrying or other operations in, on, over or under land**, the cutting of a hill or any portion thereof or the making of any material change in any building or land or in the use of any building or land.

◦ Fees for Changing Zones:

- It stipulates that islanders must **pay a processing fee for zone changes**.
- It implies that **localities would be required to pay fees to gain approval to alter zones as per the development plan**, as well as fees for permission to develop their own land.

◦ Penalties:

- It establishes penalties such as **imprisonment** for obstructing the development plan's work or workers.

▪ People's Concern:

◦ Real Estate Interests:

- People suspect that this might have been issued **at the behest of ‘real estate**

interests' seeking to usurp the small holdings of property owned by the islanders, a majority of them (**94.8% as per the [2011 census](#)**) belonging to the [Scheduled Tribes \(ST\)](#).

- Proposals to bring **real estate development concepts** such as **'transferable development rights'** to the island have raised people's fear of **forced migration en masse**.
- **Forcible Relocation & Eviction:**
 - It vests such powers with the authority that it can prepare comprehensive development plans for any area and **relocate people regardless of their will**.
 - It **provides for forcible eviction**, puts the **onus on the owner** to develop his holding as per the plan prepared by the authority as also to heavily penalise them in the event of non-compliance.
- **Destruction of Culture:**
 - The island community is a **close-knit group with families living in close proximity**. The regulation will destroy the way of life practised by them for generations.
- **Ecological Concerns:**
 - It is **neither ecologically sustainable nor socially viable** and the **people's representatives were not consulted before drafting it**.
