Cooperative Societies

- **About:**
 - Cooperatives are organizations **formed at the grassroots level by people to harness the power of collective bargaining** in the marketplace.
 - This can mean **different kinds of arrangements**, such as using a common resource or sharing capital, to derive a common gain that would otherwise be difficult for an individual producer to get.
 - In agriculture, cooperative dairies, sugar mills, spinning mills etc. are **formed with the pooled resources of farmers who wish to process their produce.**
- **Jurisdiction:**
 - Cooperatives are a state subject under the Constitution, meaning **they come under the state governments' jurisdiction**, but there are many societies whose members and areas of operation are spread across more than one state.
 - Cooperatives of more than one state are **registered under the Multi-State Co-operative Societies Act (MSCS) of 2002.**
 - Their board of directors has representation from all states they operate in.
 - Administrative and financial control of these societies is with the central registrar, with the law making it clear that no state government official can wield any control over them.

State Information Commission (SIC)

- It is constituted by the State Government.
- It has **one State Chief Information Commissioner (SCIC)** and not more than 10 SICs to be **appointed by the Governor** on the recommendation of the Appointments Committee headed by the Chief Minister.
