

Impact of the Forest Rights Act on Land Conflicts | Madhya Pradesh | 20 Apr 2024

Why in News?

Recently, **Land Conflict Watch**, a data research agency, tracking land-related conflicts in India, has noted a significant correlation between land conflicts and the enforcement of the <u>Forest Rights Act (FRA)</u> 2006.

Key Points

- FRA enacted in 2006 recognises the rights of forest-dwelling tribal communities and other traditional forest dwellers to forest resources on which these communities were dependent for a variety of needs, including livelihood, habitation and other sociocultural needs.
- Out of the 781 conflicts documented in the <u>Land Conflict Watch (LCW)</u> database, a subset of 264 conflicts has been closely linked to **parliamentary constituencies** where the Forest Rights Act (FRA) is an important issue.
- These constituencies are commonly referred to as 'FRA constituencies' based on the People's
 Forest report (by Centre for Science and Environment).
- Maharashtra, Odisha, and Madhya Pradesh have the highest number of core FRA constituencies.
- The states with the most forest rights issues in critical FRA constituencies are Odisha,
 Chhattisgarh, and the union territory of Jammu and Kashmir.

Status of Implementation of FRA

- Titles Accorded: As of February 2024, approximately 2.45 million titles have been granted to tribal and forest dwellers.
 - However, out of five million claims received, about 34% have been rejected.
- Recognition Rate: Despite the vast potential, the actual recognition of forest rights has been limited. As of 31st August 2021, only 14.75% of the minimum potential forest areas eligible for forest rights have been recognised since the FRA came into force.
- State Variations:
 - Andhra Pradesh: Recognized 23% of its minimum potential forest claim.
 - Jharkhand: Recognized only 5% of its minimum potential forest area.
 - Intra-State Variations: Even within states, recognition rates vary. For instance, in Odisha, while the district of Nabarangapur achieved a 100% IFR recognition rate, Sambalpur's rate stands at 41.34%.
