## What is the National e-Governance Service Delivery Assessment (NeSDA)?

▪ **About:**

- The Department of Administrative Reforms and Public Grievances (DARPG) formulated the NeSDA Framework **to assess** States/UTs and Central Ministries with regard to their **delivery of e-services as a benchmarking exercise**, covering seven sectors.
  - **Seven sectors are-** Local Governance & Utility Services; Social Welfare including Health, Agriculture, Home & Security; Finance; Labour & Employment; Education; Environment; Tourism.
- It is released by the Ministry **of Personnel, Public Grievances and Pensions.**
- In this assessment, the service portals were evaluated alongside their parent Ministry/portal Departments in this project.

▪ **Categorisation of Portal:**

- All Government portals that were evaluated were **divided into two main categories-**
  - States/Union Territories/Central Ministry portal.
  - State/Union Territory/ Central Ministry Services Portals.

▪ **Parameters:**

- **There were four main parameters of assessment: -**
  - Accessibility.
  - Content Availability.
  - Ease of Use and Information Security.
  - Privacy for Central Ministry Portals.
- An additional three parameters were also used for the Central Ministry Services Portals -
  - End Service Delivery.
  - Integrated Service Delivery.
  - Status and Request tracking.

## Unified Services Delivery:

- A unified service delivery portal seamlessly **integrates services across departments** to provide better governance and service availability.
- These help ensure that all citizen entitlements are available on the cloud, enhance the **ease of doing business**, and integrate a number of technologies for development activities.
- Unified and seamless delivery of services is a core tenet of the NeSDA framework and strengthening such portals will enhance the digital empowerment of citizens.
