

State's biggest Global Skill Park is being built on 30 acres

Why in News?

According to the information given by the Madhya Pradesh Public Relations Department on July 5, 2023, the construction of Sant Ravidas Global Skill Park, the largest global skill park of the state, is going on at a rapid pace at Narela Shankari in Bhopal.

Key Points:

- Madhya Pradesh Technical Education and Skill Development Minister Yashodhara Raje Scindia, while reviewing the progress of construction works, said that the Global Skill Park (GSP) is the dream project of Chief Minister Shivraj Singh Chouhan. The target is to have the GSP fully ready by September.
- In this Global Skill Park being built in collaboration with Singapore, the youth will be trained in better & more modern technical skills and they will be prepared at the international level.
- It is worth mentioning that 6 thousand youth will be trained every year in Sant Ravidas Global Skill Park being built on 30 acres at a cost of more than Rs 1500 crore.
- In GSP, youth will be trained in trades like mechatronics, automotive, hospitality, retail, agriculture, refrigeration, artificial intelligence, data science etc.
