▪ UN Charter:

- The **Charter of the United Nations** is the **founding document** of the United Nations. It was signed **on 26th June 1945**, in San Francisco, at the conclusion of the United Nations Conference on International Organization, and came into force on 24th October 1945.

- The **UN charter is vague** in defining the duties of the secretary general, the United Nations' top official.
- Recently, the [World Health Organization \(WHO\)](#) has been criticised by the US on account of mishandling of the Covid-19 pandemic and subsequently suspended its financial contribution to WHO.
 - Also, WHO has been under pressure from the US government to adopt an approach that favours interests of US pharma companies.
 - WHO is **a specialised agency of the UN**.
