

Amrit Bharat Station Scheme: 15 Railway Stations of Haryana will be Redeveloped

Why in News?

On August 6, 2023, Prime Minister Narendra Modi laid the foundation stone for the redevelopment works of 508 railway stations in the country through video conferencing under the Amrit Bharat Station Scheme. These include 15 railway stations of Haryana.

Key Points:

- It may be noted that in the first phase of this ambitious Amrit Bharat station scheme, 15 railway stations of Haryana will be redeveloped. These stations include Ambala City, Bhiwani Junction, Faridabad, Pataudi Road, Hisar, Bahadurgarh, Jind Junction, Narwana Junction, Narnaul, Kalka, Rewari, Rohtak, Sirsa, Sonipat and Yamunanagar-Jagadhri stations.
- Apart from this, 34 stations of the state will also be included in the second phase of the scheme.
- It is worth mentioning that modern facilities like wide concourse, foot over bridge, lift, escalator, waiting room, commercial area and retail counter etc. will be provided at these stations to be redeveloped under Amrit Bharat Station Scheme.
- The plan envisages multimodal transport. Passenger amenities at other minor stations will also be upgraded and will be provided with facilities like widened FOBs, frontage improvements, waiting areas, lifts, escalators etc.
