

Pension Benefit to Sickle Cell Anemia Patients | Jharkhand | 20 Jun 2024

Why in News?

According to the officials, People suffering from <u>sickle cell anemia</u> will get a **monthly pension of Rs 1,000** in Jharkhand's **Khunti district.**

Key Points

- The Khunti district administration has approved pension benefits for persons suffering from sickle cell anemia under Swami Vivekananda Nishakt Swawlamban Protsahan Scheme.
 - In the first phase, nine beneficiaries have been identified from different blocks three each from Khunti and Karra, two from Murhu and one from Torpa block.
- In case any sickle cell case coming to light or identified later on it will be covered under this scheme.
- Sickle cell screening of 99,165 people has been conducted so far in the district.
 - Out of which 114 were found to be carriers of sickle cell and a total of 46 persons were found to be suffering from sickle cell anemia-thalassemia disease.
 - Among them, nine people who have been suffering from 40% or more sickle cell anemiathalassemia disease are being given pension under the scheme on the basis of disability certificate.

Swami Vivekananda Nishakta Swavlamban Protsahan Yojana

- It is a scheme launched by the Department of Women, Child Development & Social Security, Government of Jharkhand.
- It aims to provide social security to differently abled people aged five years and above who
 are in need of financial assistance.
- The scheme operates as a <u>Direct Benefit Transfer (DBT)</u> where the pension amount is directly transferred to the bank account of the <u>beneficiary</u>.

Sickle Cell Disease

- Sickle cell disease is a genetic blood disorder characterized by an abnormality in hemoglobin, the protein responsible for carrying oxygen in red blood cells.
- It causes red blood cells to adopt a sickle or crescent shape, hindering their movement through vessels, leading to potential complications like severe pain, infections, anaemia, and strokes.
- In India alone, an estimated **30,000-40,000 children** are born with sickle cell disease annually.

Thalassaemia

- Similar to sickle cell disease, individuals with thalassaemia experience severe anaemia due
 to low haemoglobin levels, necessitating lifelong blood transfusions and chelation therapy to
 manage iron accumulation.
- Major symptoms include fatigue, paleness or <u>jaundice</u>, shortness of breath, delayed growth, facial bone deformities (in severe cases) among others.

Tigresses Relocation to Palamu Reserve | Jharkhand | 20 Jun 2024

Why in News?

According to the sources, to keep the four tigers that have moved to <u>Palamu Tiger Reserve (PTR)</u> efforts are being made to bring in two tigresses and one tiger from another reserve.

Key Points

- The approval of the <u>National Zoo Authority</u> is awaited for shifting 350 animals to the **Soft Release** Centers (SRC) set up in the reserve.
 - Permission from <u>National Tiger Conservation Authority (NTCA)</u> for shifting the cheetals, sambhars and deer has already been obtained.
- The forest officials have set up four SRCs to ensure enough food for tigers, which will help them breed in the reserve.
 - In these centres, animals are placed in pre-release cages placed close to the location where they will be released.
- Soft releases at Baresadh, Lukaiya, Mundu, and Dhardharia cover 10 hectares each, creating a suitable environment for <u>cheetal</u> breeding, which will serve as prey for the tigers.
- Cheetals and sambhar will be shifted from Betla National Park and Bhagwan Birsa Biological Park (Birsa Zoo) to different SRCs.
- According to the report on the <u>status of tigers in India</u>, released by Prime Minister Narendra Modi in 2019, there were no tigers in PTR.
 - PTR is spread over an area of about 1,230 sq km. It was made a tiger reserve in 1973.

National Zoo Authority

- It is a **statutory body** under the Ministry of Environment, Forest and Climate Change. It was constituted in 1992 under the <u>Wildlife (Protection) Act, 1972.</u>
- It is chaired by the Union Minister of Environment and has 10 members and a member-secretary.
- The main objective of the authority is to complement and strengthen the national effort in conservation of rich biodiversity.
- The authority provides recognition to zoos and is also tasked with regulating the zoos across the country.
 - It lays down guidelines and prescribes rules under which animals may be transferred among zoos nationally and internationally.
 - It coordinates and implements programmes on capacity building of zoo personnel, planned breeding programmes and ex-situ research.

National Tiger Conservation Authority (NTCA)

- It is a **statutory body** under **section 38 L (1) of** Wildlife (Protection) Act, 1972.
- It was established in **2005** following the recommendations of the <u>Tiger Task Force</u>.
