For Mains: The tourism sector in India and major issues related to the tourism sector.

Despite endeavours to incorporate the unorganised sector into mainstream employment through essential **skills training**, there persists a noticeable gap in youth employment. It's important to note that strengthening the [tourism sector in India](#) could enhance the scheme's effectiveness, potentially attracting more participants and fostering employment opportunities within this vital industry.

The Indian Tourism sector ranks among the **fastest-growing economic sectors** in the country. In light of India's G20 Presidency and the [India@75 Azadi ka Amrit Mahotsav](#) celebrations, the Ministry of Tourism has designated 2023 as the **'Visit India Year'** to promote inbound travel.
