

Global Initiative on Digital Health

[Source: IE](#)

Why in News?

The Department of Economic Affairs (DEA) under the **Ministry of Finance** has not approved of India's contribution of USD 10 million for **Global Initiative on Digital Health (GIDH)**.

What is the Global Initiative on Digital Health (GIDH)?

▪ About:

- The [Global Initiative on Digital Health \(GIDH\)](#) is a network of organisations, institutions and government technical agencies engaged in supporting national digital health transformation.
- It is managed by the [World Health Organization \(WHO\)](#).
- Its objectives include to assess and prioritise **needs for sustainable digital health transformation** and to match digital health resources and unfunded priorities.
- **GIDH** was launched during India's [G20 Presidency at the Health Ministers' meeting](#) in Gujarat in August 2023.
- It became part of the [New Delhi declaration](#) and **India** promised to make a **USD 10-million** contribution to it as a seed fund. The initiative was formally launched in February 2024.

▪ Components of GIDH: It has four Main Components.

- **Country Needs Tracker:** A mechanism to identify and track the digital health needs of different countries.
- **Country Resource Portal:** A map of available digital health resources within each country.
- **Transformation Toolbox:** A repository of quality-assured digital tools for health transformation.
- **Knowledge Exchange:** Facilitation of knowledge sharing among participating nations.

▪ Similar Initiatives:

- **Presidency Prevention, Preparedness Response (PPR) Financial Intermediary Fund (FIF)** was taken during the G20 Presidency by Indonesian, and **Indonesia had contributed USD 50 million as an initiator of the proposal.**

What is Digital Healthcare?

▪ About:

- **Digital healthcare** is a system of medical care delivery that uses an array of digital technologies to make quality medical care services accessible, affordable, and sustainable.
- The broad scope of digital health includes categories such as mobile health (mHealth), **health information technology (IT)**, wearable devices, telehealth and telemedicine, and personalised medicine.

▪ [Ayushman Bharat Digital Mission:](#)

- India's [Ayushman Bharat Digital Mission](#) is working toward creating a seamless electronic health record system.
- It was launched in September 2021 by the Prime Minister.

- It aims to provide **digital health IDs** for all Indian citizens to help hospitals, insurance firms, and **citizens access health records electronically** when required.
- The project is being implemented in the pilot phase in six States & Union Territories.
- The [National Health Authority \(NHA\)](#) under the Ministry of Health and Family Welfare will be the implementing Agency.
