

# **UPI-PayNow Integration**

#### Why in News?

Recently, India's <u>Unified Payments Interface (UPI)</u> and Singapore's PayNow have been integrated to **enable faster** <u>Remittances</u> **between the two countries.** 

- Singapore has become the first country with which cross-border Person to Person (P2P)
   payment facilities have been launched.
- The UPI-PayNow partnership marks the world's first to feature cloud-based infrastructure and participation by non-bank financial institutions.

# What is UPI and PayNow?

#### UPI:

- UPI is India's mobile-based fast payment system, which facilitates customers to make round-the-clock payments instantly, using a <u>Virtual Payment Address (VPA)</u> created by the customer.
  - VPA is a unique identifier assigned to an individual to facilitate the transfer of funds through a digital payments system. It is a user-created identifier that can be used instead of providing sensitive bank account details while making payments.
- It eliminates the **risk of sharing bank account details by the remitter.** UPI supports both Person-to-Person (P2P) and Person-to-Merchant (P2M) payments and it also enables a user to send or receive money.

#### PayNow:

 PayNow is a fast payment system in Singapore. It enables peer-to-peer funds transfer service, available to retail customers through participating banks and Non-Bank Financial

- Institutions (NFIs) in Singapore.
- It allows users to send and receive instant funds from one bank or e-wallet account to another in Singapore by using just their mobile number, Singapore National Registration Identity Card (NRIC)/Foreign Identification Number (FIN), or VPA.

#### Linkage:

- With this facility, funds held in bank accounts or <u>e-wallets</u> can be transferred to /from India using just the UPI ID, mobile number, or VPA.
- This facility will **eliminate the need for entering the details of beneficiaries**, such as bank account numbers, bank codes etc.

# What is the Significance of the Move?

- The project is expected to greatly benefit the Indian diaspora, especially migrant workers and students, in Singapore as it allows faster and cost-efficient funds transfer across both countries without the mandate of getting onboard the other payment system.
  - As per the ministry of external affairs (MEA) document Population of Overseas Indians
    (2022), there are approximately 6.5 lakh Indians, including non-resident Indians and
    persons of Indian origin, currently residing in Singapore.
  - Of the total inward remittances to India in 2020-21, the share of Singapore stood at 5.7%, according to the RBI (Reserve Bank of India) Remittance Survey, 2021.
- Integration of the system will bring down the **cost of sending remittances** by as much as 10%.
- By reducing the cost and inefficiencies of remittances between Singapore and India, the PayNow-UPI linkage will directly benefit individuals and businesses in Singapore and India that greatly rely on this mode of payment.

# **UPSC Civil Services Examination, Previous Year Question (PYQ)**

#### Q1. With reference to digital payments, consider the following statements: (2018)

- 1. BHIM app allows the user to transfer money to anyone with a UPI-enabled bank account.
- 2. While a chip-pin debit card has four factors of authentication, BHIM app has only two factors of authentication.

#### Which of the statements given above is/are correct?

- (a) 1 only
- **(b)** 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

#### Ans: (a)

# Q2. Which of the following is a most likely consequence of implementing the 'Unified Payments Interface (UPI)'? (2017)

- (a) Mobile wallets will not be necessary for online payments.
- **(b)** Digital currency will totally replace the physical currency in about two decades.
- **(c)** FDI inflows will drastically increase.
- (d) Direct transfer of subsidies to poor people will become very effective.

#### Ans: (a)

#### Q3. Consider the following statements: (2017)

- 1. National Payments Corporation of India (NPCI) helps in promoting the financial inclusion in the country.
- 2. NPCI has launched RuPay, a card payment scheme.

#### Which of the statements given above is/are correct?

(a) 1 only (b) 2 only (c) Both 1 and 2

(d) Neither 1 nor 2

Ans: (c)
