

IPBES wins Blue Planet Prize

Source: DTE

Recently, the <u>Intergovernmental Platform on Biodiversity and Ecosystem Services (IPBES)</u> won the **Blue Planet Prize** for 2024.

- IPBES was awarded as "the leading global authority on the state of knowledge and science about biodiversity, ecosystem services and nature's contributions to people".
 - The other awardee is **Robert Costanza** from the Institute for Global Prosperity, University College London, for his contributions to the field of **ecological economics**.
- About Blue Planet Prize:
 - It was established in 1992, the year of the Rio Earth Summit.
 - This award is given annually by Japan's Asahi Glass Foundation for outstanding achievements in scientific research and its application which have helped to solve global environmental problems.
 - Two winners are chosen every year and the prize includes an award of USD 500,000.
- About IPBES:

| About | An independent intergovernmental body aimed at strengthening the science- policy interface for biodiversity and ecosystem services. |
|-------------------|--|
| Established | In Panama City in 2012 by 94 Governments (including India) Currently has more than 145 Member States. Secretariat - Bonn, Germany. |
| Goal | To provide the best expertise from across all scientific disciplines and knowledge communities to provide policy-relevant knowledge and to catalyse the implementation of knowledge-based policies at all levels in government, the private sector and civil society. |
| Relations with UN | It is not a <u>United Nations</u> body, however, the <u>United Nations Environment</u> <u>Programme (UNEP)</u> provides secretariat services to IPBES. |
