

## **Committee to Revise Base Year**

## **Source: ET**

Recently, a committee to oversee the revision of the <u>base year</u> for national accounts has been set up by the **Ministry of Statistics and Programme Implementation (MoSPI)**.

- This 26-member committee will be chaired by Biswantah Goldar and will recommend a new base year for national accounts, potentially aligning it with indices like the <u>Wholesale Price</u> <u>Index</u>, Producer Price Index, and <u>Consumer Price Index</u>.
- At present base year is **2011-12** but it is proposed for revision to 2020-21.
- This initiative aims to enhance the **accuracy of economic analysis and policy formulation** by reviewing existing databases and incorporating new data sources.
- In India, the base year of the GDP series was revised from 2004-05 to 2011-12 in 2015 after adaptation of the sources and methods in line with the United Nations System of National Accounts (SNA) of 2008.
- The SNA is the internationally agreed standard set of recommendations on how to compile measures of economic activity.
