

# Marine Aids to Navigation Bill 2021

## Why in News

Recently, the Parliament has passed the **Marine Aids to Navigation Bill 2021**. The bill will **repeal the Lighthouse Act, 1927**, an over nine-decade-old law governing the traditional navigation aid, i.e. lighthouses.

# **Key Points**

## Background:

- Uptil now, the administration and management of Lighthouse and Lightships in India is governed by Lighthouse Act 1927 for safe navigation.
- Lighthouses serve two main purposes viz. as a navigational aid and to warn boats of dangerous areas.
  - It is like a traffic sign on the sea.
- However, as the **technology evolved**, systems were put in place where with the help of Radar and other sensors, vessels were advised from shore about the position.
  - Thus, **Vessel Traffic Services (VTS)** came into existence and found wide acceptability.
- These modern, technologically improved aids to marine navigation systems have changed their profile from a 'passive' service to that of 'passive as well as interactive' service.
- The need for enactment of a new Act is necessitated to provide an appropriate statutory framework which reflects the modern role of marine aids to navigation and to be in compliance with India's obligations under International Conventions.

#### Salient Features of the Bill:

## Main Objectives:

- Incorporating the global best practices and technological developments,
- Complying with India's International obligations in the field of Marine Aids to Navigation,
- Making the legislative framework user-friendly,
- Promoting ease of doing business.
- **Scope of the Law:** The Bill applies to the whole of India including various maritime zones including **territorial waters, continental shelf, and** <u>exclusive economic zone</u>.
- Defined Mechanism: It defines aid to navigation as a device, system or service, external to vessels, designed and operated to enhance safe and efficient navigation of individual vessels and vessel traffic.
  - **Vessel traffic service** means a service implemented under the Act to improve the safety and efficiency of vessel traffic and to protect the environment.
- Institutional Mechanism: The Bill provides that the Central government shall appoint a
  Director General, who will inter alia advise the central government on matters related to
  aids to navigation.

- It also provides for appointments of **Deputy Director Generals and Directors** for districts.
- Heritage Lighthouse: The Bill empowers the Central Government to designate any aid to navigation under its control as a "heritage lighthouse".
  - In addition to their function as aids to navigation, such lighthouses will be developed for **educational**, **cultural**, **and tourism purposes**.
- Offences and Penalties: It comprises a new schedule of offences, along with commensurate penalties for obstructing and damaging the aids to navigation, and noncompliance with directives issued by the Central Government and other bodies.

#### Intended Benefits:

- **Improved Legal Framework** for Matters related to Aids to Navigation & Vessel Traffic Services and covers the future developments in the field of Marine Navigation.
- Management of 'Vessel Traffic Services' for enhancing the safety and efficiency of shipping and to protect the environment.
- **Skill development** through Training and Certification for the operators of 'Aids to Navigation' and 'Vessel Traffic Services' at par with International standards.
- Auditing and Accreditation of Institutes to cater to the need of Training and Certification at par with global standards.
- Marking of "Wreck" in general waters to identify sunken / stranded vessels for safe and efficient navigation.
- Development of Lighthouses for the purpose of education, culture and tourism, which would tap the tourism potential of coastal regions and contribute to their economy.
