

Rajasthan Kisan Mahotsav will be Organized in Jaipur

Why in News?

On 10 June 2023, Rajasthan Agriculture Minister Lalchand Kataria informed that the state government will organize 'Rajasthan Kisan Mahotsav' at JECC in Sitapura, Jaipur on 16-18 June to increase agricultural productivity in the state and to make farmers aware of the latest technologies.

Key Points:

- Such fairs play an important role in bringing people on one platform in the field of agriculture, technology and trade, to ensure inclusive development in agriculture and allied sectors.
- Apart from 'Rajasthan Kisan Mahotsav', divisional level kisan fairs will be organized in Udaipur on June 23-24 and in Jodhpur on 30 June & 1 July. About 50,000 farmers will participate in the state-level farmers' fair and 20,000-20,000 farmers will participate in the division-level fair.
- The agriculture minister said that new farming Techniques will be taught to the farmers in the fair, so that they can get more income at a lower cost and the economic condition of the farmers can be strengthened.
- The Kisan Mahotsav will showcase world-class technologies of smart farms, agriculture, horticulture, animal husbandry, dairy, fisheries and agricultural marketing. Along with this, a large exhibition of agricultural products, tools, seeds etc. will be organized, and state-of-the-art agricultural machinery will also be displayed.
- Jajam Chaupal has also been kept for farmers in the fair, in which farmers will be able to communicate with subject experts. Subject-wise seminars and farmers' seminars have also been organized for farmers in the program.
- In order to make the youth entrepreneurs in the fair, agricultural start-ups will be met, so that the youth can become entrepreneurs in the field of agriculture and create new jobs. Special attention will be paid to entertainment in the fair. Film, literature & cultural programs will also be organized for this.
