

Uttarakhand's First Bird Gallery

Why in News?

Recently, The **Uttarakhand Forest Department** established the <u>state's first bird gallery</u> at the Nature Education Centre, **in Dehradun.**

Key Points

- This gallery displays high-resolution images of birds in Uttarakhand, providing visitors with a stunning showcase of the state's avian residents.
 - It is an attempt to highlight Uttarakhand's avian diversity and promote a greater appreciation for these unique species.
 - By educating visitors about the numerous bird species and their functions in the ecosystem, the gallery would facilitate conservation and create awareness about these avian species
- Uttarakhand has over 710 bird species, which is more than 50% of India's bird species.
