

# **World Food India 2023**

## Why in News?

In celebration of the <u>International Year of Millets in 2023</u>, <u>India's Ministry of Food Processing</u> <u>Industries</u> will be organizing the second edition of 'World Food India 2023', which aims to showcase <u>India's rich food culture and attract global investments in the diverse <u>food processing sector</u>.</u>

■ The event will take place from 3<sup>rd</sup>-5<sup>th</sup> November 2023 in New Delhi.

#### What is World Food India 2023?

- About:
  - World Food India 2023 is a gateway to the Indian food economy, facilitating partnerships between Indian and foreign investors.
  - It will be a one-of-a-kind gathering of manufacturers, producers, food processors, investors, policymakers, and organisations from across the global food ecosystem.
  - It is a promising platform to showcase, connect and collaborate in retail, processing, technology transfer, manufacturing, and cold chain logistics, along the global food value chain.
    - It will showcase investment opportunities in backward linkages, processing equipment, research and development, cold chain storage, start-ups, logistics, and retail chains.

### Focus Pillars:

- Shree Anna (Millets): Leveraging India's Super Food for the World
  - Millets are ancient grains that have been part of India's rich heritage for millennia.
    - They are super foods that provide high nutrition, gluten-free options, climate resilience, and eco-friendliness.
    - Millets can enhance food security, <u>nutrition security</u>, and sustainability in the face of global challenges such as climate change, population growth, and malnutrition.
  - The <u>United Nations</u> has declared 2023 as the International Year of Millets
    (IYM 2023) with the aim of increasing the production and consumption of millets
    worldwide.
- Exponential Food Processing: Positioning India as the Global Hub
  - India has a vision to become a global hub for food processing and create a competitive advantage for itself in the world food market.
  - To achieve this vision, India intends to boost its enablers that can **support and** accelerate its food processing industry.
  - One of the key enablers is **Financing Agri Food Value Chains.** Providing adequate and affordable credit to the food processing sector, **especially to the** micro, small and medium enterprises (MSMEs) that constitute a major part of the industry is one of the key focus areas of India.
- Strategic Segments: Unlocking Potentials for Growth
  - India has a dynamic and diverse food processing industry that encompasses several sub-sectors such as <u>marine products</u>, <u>fruits and vegetables products</u>, <u>meat</u> and <u>poultry products</u>, RTE/RTC (packaged foods), and dairy products.

- These sub-sectors have immense potential for growth in terms of production, consumption, exports, and value addition.
- India is one of the world's largest producers and consumers of food products.
  - India leads the world in the production of milk, bananas, mangoes, papayas, guavas, ginger, okra and buffalo meat, ranks second in the production of rice, wheat, potatoes, garlic, cashew nuts.
- Efficient Ecosystem Harnessing Opportunities with Inclusion
  - An efficient and all-encompassing ecosystem necessitates dismantling barriers and establishing a coordinated and integrated framework. The creation of value chains and the promotion of knowledge sharing are crucial to generate inclusive opportunities.
  - In order to entice foreign investment, the government has opened the doors to 100% foreign direct investment and is making efforts to enhance its standing in the <a href="Ease of Doing Business index.">Ease of Doing Business index.</a>
- Sustainable Development: Processing for Prosperity
  - <u>Sustainable Development</u> constitutes a fundamental component in the attainment of <u>Processing for Prosperity</u>.
  - These technologies, encompassing renewable energy sources and sustainable agricultural and food processing practices, have become prominent and promising trends, signifying a transformation in the global approach towards a more sustainable future.

#### **World Food India 2017**

- The Ministry of Food Processing Industries launched the first edition of World Food India in 2017 with the theme of Transforming the Food Economy.
  - The event aimed to introduce the world to India's diverse and rich food culture.
