Sovereign Gold Bond Scheme

Source: IE

Why in News?

Recently, the **Union Government** in the **Budget 2024-25** announced a reduction of the **import duty on gold** from **15% to 6%**.

 Also, the government intends to finalise its decision on the future of the <u>Sovereign Gold Bonds</u> (SGB).

The Status of the Gold Industry in India

- Gold Reserves in India:
 - As per **National Mineral Inventory**, total reserves/resources of gold ore in India estimated at 501.83 million tonnes as of 2015.
 - Largest resources of gold ore are located in Bihar (44%), followed by Rajasthan (25%), Karnataka (21%), West Bengal (3%), Andhra Pradesh (3%), Jharkhand (2%).
 - Karnataka commands around 80% of the nation's total gold output. The Kolar Gold Fields (KGF) in the Kolar district is one of the world's oldest and deepest gold mines.

India Gold Import:

- India is the world's second-largest gold consumer. India's gold imports increased by 30% in 2023-24, reaching USD 45.54 billion.
- However, there was a significant decline of **53.56%** in gold imports observed in March 2024.

What is the Sovereign Gold Bond Scheme?

- Launch:

- The SGB scheme was introduced in November 2015 with the aim of decreasing the demand for physical gold and redirecting a portion of domestic savings, which would otherwise be used to buy gold, into financial savings.
- Issuance:
 - The Gold Bonds are issued as Government of India Stock under the Government Securities (GS) Act, 2006.
 - These bonds are issued by the <u>Reserve Bank of India (RBI)</u> on behalf of the Government of India.
 - They are available for purchase through <u>Scheduled Commercial banks</u> (except <u>Small Finance Banks</u>, <u>Payment Banks</u> and <u>Regional Rural Banks</u>), Stock Holding Corporation of India Limited, Clearing Corporation of India Limited, designated post offices and <u>National Stock Exchange of India</u> <u>Limited and Bombay Stock Exchange Limited</u>, either directly or through

agents.

- Eligibility:
 - The bonds are available for purchase by resident individuals, Hindu Undivided Families (HUFs), trusts, universities, and charitable institutions.
- Features:
 - Issue Price: The price of gold bonds is linked to the price of gold of 999 purity (24 carats) as published by the India Bullion and Jewellers Association (IBJA), Mumbai.
 - **Investment Limit: Gold bonds** can be bought in multiples of one unit (1 gram), up to specific limits for different investors.
 - Retail (individual) investors and Hindu Undivided Family (HUF) have a maximum limit of 4 kilograms (4,000 units) per financial year, while trusts and similar entities have a limit of 20 kilograms per financial year. The minimum investment permitted is 1 gram of gold.
 - **Term:** Gold bonds have a maturity period of **eight years**, with the option to exit the investment after the first **five years**.
 - Interest Rate: The scheme offers a fixed annual interest rate of 2.5%, payable semi-annually. The interest earned on Gold Bonds is taxable according to the Income Tax Act, 1961.

Benefit:

- **SGBs** can be used as collateral for loans.
- Capital gains tax on redemption of SGB for individuals has been exempted.
 Redemption refers to the issuer repurchasing a bond at or before maturity.
 - Capital gain is the profit earned when the selling price of an asset, such as stocks, bonds, or real estate, exceeds its purchase price.
- Disadvantages of Investing in SGB:
 - This is a long-term investment, unlike physical gold, which can be sold immediately.
 - Although SGBs are listed on exchanges, the trading volumes are relatively low, making it challenging to exit before maturity
- Green Bonds:
 - Green bonds are issued by companies, countries and multilateral organisations to exclusively fund projects that have positive environmental or climate benefits and provide investors with fixed income payments.
 - The government plans to issue **sovereign green bonds** worth approximately Rs 20,000 crore in the financial year 2024-25.

UPSC Civil Services Examination, Previous Year Question (PYQ)

<u>Prelims:</u>

Q. What is/are the purpose/purposes of Government's 'Sovereign Gold Bond Scheme' and 'Gold Monetization Scheme'? (2016)
