Why in News?

According to a report prepared from the analysis of data from the [Unified District Information System for Education Plus \(UDISE+\)](#) and the [All India Survey of Higher Education \(AISHE\)](#), the enrollment in higher education among Muslim students **has dropped significantly**.

What is the UDISE Plus Report?

- It is a **comprehensive study that provides information on enrollment and dropout** rates of school students, number of teachers in schools, and information on other infrastructural facilities like toilets, buildings and electricity.
- It was **launched in 2018-2019 to speed up data entry**, reduce errors, improve data quality and ease its verification.
- It is an application to collect the school details about factors related to a school and its resources.
- It is an updated and improved version of UDISE, which was initiated in **2012-13 by the Ministry of Education**.

What is the All India Survey for Higher Education?

- AISHE is an initiative by the Ministry of Education. The annual web-based survey aims to determine the **state of higher educational institutions in India and find areas for improvement**. Students enrolled in higher educational institutions will respond to the AISHE survey.
- This survey can rate their college on different categories like teachers, exam results, education finance, programmes, student enrolment, and infrastructure. The data collected in this survey is **used to make informed policy decisions and conduct better research in higher education**.

What are the Key Highlights of the Report on Dropout Among Muslims?

- **Enrollment Data:**
 - There is a significant drop of over **8.5% in enrollment of Muslim students (age group**

18-23) in higher education in 2020-21.

- Enrollment decreased from 21 lakh students in **2019-20 to 19.21 lakh in 2020-21**.
 - From 2016-17 to 2020-21, there was an overall increase in enrollment, but a decline in the latest year, marking a decrease of 1,79,147 students from 2019-20 to 2020-21.

Fewer Muslim students

The share of Muslims among students enrolled in higher education in 2021-22 was the lowest in five years. The share of both male and female students recorded a five-year low. This was a reversal in a rising trend recorded between 2016-17 and 2019-20

▪ Relative Enrollment Percentage:

- The percentage of Muslim students enrolled in higher education compared to the total student population **saw a slight decrease from 4.87% in 2016-17 to 4.64% in 2020-21**.

▪ Enrollment Pattern across Education Levels:

- Across States and Union Territories, a consistent trend is observed where Muslim student representation **gradually declines from Class 6 onwards**, reaching its lowest in Classes 11 and 12.
- Enrollment percentage of Muslim students **drops from 14.42% in upper primary (Class 6-8) to 10.76% in higher secondary (Class 11-12)**.

▪ State Disparities:

- States like **Bihar and Madhya Pradesh have relatively low Gross Enrolment Ratio** for Muslim students, which indicates that many Muslim children in these States are still out of the education system.
- Assam (29.52%) and West Bengal (23.22%) recorded **high dropout rates among Muslim students**, while Jammu and Kashmir recorded 5.1% and Kerala 11.91%.

▪ Recommendations:

- There is a need for enhancing **scholarships, grants, and financial aid** explicitly tailored for Muslim students to alleviate financial burdens and increase access to higher education.
 - Many Muslim students come **from low-income families and struggle to afford the cost of higher education**.
- Implementing inclusive policies and targeted support is crucial to bridge the education gap and provide equal opportunities for all students, irrespective of religious background or economic status.
