- The **INDRA series of exercises began in 2003** and was conducted as a bilateral naval exercise alternately between the two countries. However, the **first joint Tri-Services Exercise was conducted in 2017**.
- The **last joint, tri-services** exercise between India and Russia was conducted in **India in December 2019**. It was held **simultaneously at Babina (near Jhansi), Pune, and Goa**.

#### ▪ Significance of Military Exercises:

- In the domain of international relations, **military diplomacy** has, in recent years, emerged as a major tool to further diplomatic interests of nations.
- Participation in international level military exercises is an **indication of the highest level of trust and confidence** between the member nations.
- On the operational side, **military exercises enable militaries to understand each other's drills** and procedures, overcome language barriers, and facilitate familiarisation with equipment capabilities.
- This is particularly useful in the event of joint operations whether in war or in **operations other than war (OOTW)** like, humanitarian aid, disaster relief, anti-piracy, etc - when nations come together for a common cause.

- Perhaps, the most important advantage of joint military exercises is **'strategic signalling'**.
  - A joint exercise with one or more nations serves the purpose of signalling to a third country the influence we have in the region and a demonstration of our resolve to further our diplomatic objectives.
- On the intangible side, **military exercises promote brotherhood and camaraderie** between soldiers and militaries.
  - Besides goodwill, it is a tool for **projection of a nation's soft power** – culture, language, customs, beliefs, food habits and lifestyle.
