Why in News?

India's Prime Minister paid a visit to Ukraine at the invitation of Ukraine's President. It was the first Indian head of state to visit Ukraine since its independence in 1991.

 The visit focused on cooperation in defence as India operates a large inventory of military equipment of Ukrainian origin.

What are the Key Takeaways from India's PM Visit to Ukraine?

- Clarification of India's Stance on the <u>Russia-Ukraine War</u>: India's PM emphasised that India
 has never been neutral in the Russia-Ukraine conflict and has always stood for peace.
 - India seeks **sincere engagement** among all stakeholders to find practical solutions for an **early resolution** of the conflict.
- Formation of an Intergovernmental Commission: An Intergovernmental Commission between India and Ukraine has been established to restore and deepen bilateral trade and economic relations to pre-conflict levels.
 - Bilateral trade has reached USD 3.386 billion in 2021-22.
- Signing of Four Key Agreements: Both signed four agreements covering areas such as agriculture, the food industry, medical product regulation, and cultural cooperation.
 - The agreements aim to promote cooperation in agriculture and food industry, regulate medical products, provide humanitarian grant assistance, and strengthen cultural ties between the two nations.
- Bhishm Cubes Gifted to Ukraine: India gifted four Bharat Health Initiative for Sahyog Hita
 Maitri (BHISHMA) cubes to Ukraine, designed to provide emergency medical care through mobile hospitals.
 - These cubes are part of <u>Project Aarogya Maitri</u>, a program to offer crucial medical supplies and ensure rapid deployment of medical facilities in crisis situations.
- Solidarity with Lives Lost: PM visited the multimedia Martyrologist exposition on children at the National Museum of History of Ukraine in Kyiv and expressed his sorrow at the tragic loss of young lives.
 - He also placed a **toy** in their memory **mark of respect**.
- Invitation to President Zelenskyy: India's PM extended an invitation to the Ukrainian

President to visit India, marking a significant gesture during his first visit to Ukraine since 1991.

What are the Dynamics of India-Ukraine Relations?

- Historic Visit: Shri Narendra Modi is the first Indian Prime Minister to visit Ukraine since diplomatic relations were established in 1992. India was one of the first countries to recognise Ukraine after it gained independence following the collapse of the Soviet Union in 1991.
- **Departure from Traditional Foreign Policy:** Historically, India maintained closer ties with the **Soviet Union (predecessor to Russia)** and had less engagement with Ukraine.
 - The visit is part of India's broader strategy to enhance relations with Europe, moving beyond the narrow focus on relations with Europe's big four i.e., Russia, Germany, France, and Britain
 - The visit marks a significant shift in <u>India's foreign policy</u>, reflecting a broader engagement with <u>central and eastern Europe</u>.
- New Avenues in Bilateral Relations: High-level interactions have increased with External Affairs Minister, and <u>National Security Advisor</u> engaging with Ukrainian counterparts.
- **Strategic Interests:** Ukraine's expertise in defence technology, such as **gas turbines** and aircraft, offers opportunities for collaboration and **joint manufacturing** in India.
- **Economic Opportunities:** Ukraine's strength as one of the world's agrarian powers will add to its **strategic salience** in the years ahead.
 - Pre-war Ukraine was among the biggest sources of **sunflower oil** for India.
- Independent Foreign Policy: India's interactions with Ukraine do not undermine its relations with Russia, reflecting India's de-hyphenated policy.

Why is Ukraine Important for India's Defence Sector?

- Soviet Era Equipment: India has a significant inventory of Soviet-era defence equipment still operational, including gas turbine engines for Indian Navy Warships and <u>An-32 aircraft</u> operated by the IAF (Indian Air Force).
- Indian Air Force: In June 2009, India signed a USD 400 million agreement with Ukraine's SpetsTechnoExport (STE) to upgrade its fleet of 105 AN-32 aircraft, extend their life by 40 years, and improve their avionics.
 - The IAF is heavily dependent on the AN-32 for air maintenance of army troops deployed along our northern frontier, <u>air cargo drop-off</u> and para drop-off.
- Indian Navy: Ukraine is supplying critical components for the construction of two Admiral Grigorovich-class frigates at the Goa Shipyard Limited (GSL).
 - For the Indian Navy, the impact is most acute as over 30 Indian frontline warships are powered by engines from Zorya Nashproekt of Ukraine.
 - Ukraine's state-owned Zorya-Mashproekt is in talks with Indian private sector companies to jointly manufacture gas turbines used by warships like <u>Talwar-class frigates</u>.
- Defence Trade: After the <u>Balakot air strike</u> in 2019, IAF made emergency procurement of R-27 air to air missiles from Ukraine for its SU-30MKI fighters.
 - At Aero India in February 2021, Ukraine signed four agreements worth USD 70 million which includes sale of new weapons as well as maintenance and upgrades of existing ones in service with the Indian military.
- Boosting Indian Defence Industry: Ukraine has been looking to procure some military
 hardware from India in addition to efforts to deepen its presence in the Indian defence market.
 - Ukraine also held discussions with the <u>Defence Research and Development</u>
 <u>Organisation (DRDO)</u> for possible collaborations in research and development.

What are Irritants in India-Ukraine Relations?

- **Russia-Ukraine War:** The ongoing <u>Russia-Ukraine war</u> has been a persistent irritant in India's relationships with Ukraine and its Western partners.
 - India has **maintained a neutral stance on Russia's invasion of Ukraine,** avoiding direct condemnation of Moscow while advocating for diplomacy and dialogue.
 - India has refused to join the West's sanctions on Russia and has stepped up buying Russian fuel at a discounted price.

- India has largely **abstained** from voting in a **UN General Assembly** resolution that condemned Russia's invasion of Ukraine.
- Supply Chain Interruptions: The war disrupted supply chains for critical defence equipment. For
 instance, the upgrade of the Indian Air Force's An-32 aircraft has been delayed due to the
 conflict's impact on Ukrainian factories.
 - Russia has delayed the delivery of the remaining two squadrons of the **S-400 Triumf air defense system** to India until **August 2026**.
- Ukraine's Stance on Kashmir: Ukraine's occasional comments and positions on the Kashmir issue have been a source of friction between the two nations.
 - In 2019, following the revocation of <u>Article 370</u> by India, Ukraine expressed concerns
 over the situation in Jammu and Kashmir, which was seen by India as interference in
 its internal matters.
- **Diplomatic Misalignments:** Differences in foreign policy priorities and global alignments have sometimes created friction in **India-Ukraine relations.**
 - India's strategic partnership with Russia contrasts with Ukraine's opposition to Russian actions, leading to a **diplomatic balancing act** that complicates bilateral relations.

Way Forward

- Balanced Approach to Russia-Ukraine Conflict: India must continue to carefully navigate its stance on the Russia-Ukraine conflict.
 - While maintaining its strategic relationship with Russia, India should also express concern for Ukraine's sovereignty and territorial integrity.
- Strategic Autonomy and Non-Alignment: India should continue to emphasise its policy
 of strategic autonomy and non-alignment.
 - By doing so, it can avoid being drawn into geopolitical conflicts that do not directly serve its national interests.
- Humanitarian Assistance and Support: India can enhance its relationship with Ukraine by offering <u>humanitarian assistance</u> and support.
 - This could include medical aid, reconstruction assistance, and technical expertise for rebuilding war-torn areas.
- Mediation and Peace Initiatives: If the opportunity arises, India could offer to mediate between Russia and Ukraine, given its cordial relations with both nations.
 - This would position India as a responsible global player and could help in finding a peaceful resolution to the conflict.
- Leveraging Global South Solidarity: India should engage with other Global South countries to build a coalition that promotes peace and development in conflict regions like Ukraine.
