

49th GST Council Meeting

Prelims: GST, GST appellate Tribunal, Cess, Indirect tax, Tax Evasion.

Mains: GST, its significance and Related Issues.

Why in News?

Recently, the [Goods and Services Tax \(GST\)](#) Council in its 49th Meeting has reached consensus **on the constitution of the GST Appellate Tribunal** to resolve the rising number of disputes under the old indirect tax regime.

What are the Key Highlights of the GST Meeting?

- **GST Appellate Tribunal:**
 - The council has approved the creation of a national tribunal mechanism **with state benches** for the redressal of disputes.
 - The Tribunal will **resolve the rising number of disputes under the GST regime** that are now clogging High Courts and other judicial fora.
 - This year's Finance Bill can incorporate the enabling legislative provisions for the Tribunal.
 - The GST Tribunal will have one principal bench in New Delhi and many benches or boards in states. The principal bench and state boards would have two technical and **two judicial members each**, with equal representation.
 - But all four members would not sit to hear each case, which is likely to be decided based on the threshold or value of dues involved.
- **Cleared Pending Compensation Dues:**
 - It has cleared the balance of Rs 16,982 crore (for June 2022).
 - It has finalized [GST compensation](#) of Rs 16,524 crore to six states/UTs including, Delhi, Karnataka, Odisha, Puducherry, Tamil Nadu, and Telangana
- **Lower Penal Charges:**
 - It approved **lower penal charges for delayed filing of annual returns** by businesses with a turnover of up to Rs 20 crore a year.
 - The council has approved an [Amnesty Scheme for taxpayers](#) unable to file three statutory returns, that entail conditional waivers or reductions in late fees for such filings.
 - The GST Amnesty Scheme was introduced to encourage non-filers to voluntarily come forward and file their GST returns by providing a one-time relief from late fees.
- **Rate Changes:**
 - The GST rate on **several items has been changed**, such as pencil sharpeners, rab (liquid jaggery).
 - The Council also **decided to extend the GST exemption to educational institutions** and central and state educational boards from conducting entrance examinations through any authority, including the **National Testing Agency**.
- **Plugging Tax Evasion:**
 - The Council has decided to switch the compensation [cess](#) levied on pan masala and gutkha

commodities from an ad valorem basis to a specific tax-based levy.

- The ad valorem tax is levied according to value.
- This will boost the first stage collection of the revenue.
- The Council also mandated that exports only be allowed against letters of undertaking assuring of GST compliance.

What is the GST Council?

▪ About:

- It is a **joint forum** of the Centre and the states.
- It was set up by the [President](#) as per **Article 279A (1)** of the amended Constitution.

▪ Members:

- The members of the Council include the **Union Finance Minister (chairperson)**, the Union Minister of State (Finance) from the Centre.
- Each **state can nominate a minister in-charge of finance** or taxation or any other minister as a member.

▪ Functions:

- According to **Article 279** of the Constitution, the council can make recommendations to the **Union and the states on important issues related to GST**, like the goods and services that may be subjected or exempted from GST, model GST Laws".
 - **Article 279** as well as **Article 279A** of the Indian Constitution **deal with the financial provisions** of the country.
 - They are **specifically related to the calculation of "net proceeds" from Union duties and taxes** on goods and the formation of the Goods and Services Tax Council, respectively.
- It also **decides on various rate slabs** of GST.
 - For instance, an interim report by a panel of ministers has suggested imposing 28 % GST on casinos, online gaming and horse racing.

What is the Concept of Goods and Services Tax?

▪ About:

- GST is a **value-added tax system** that is **levied on the supply of goods and services** in an economy.
- It is a comprehensive indirect tax that was introduced in India on 1st July 2017, through the **101st Constitution Amendment Act, 2016**, with the slogan of '**One Nation One Tax**'.
 - The GST has subsumed **indirect taxes like excise duty, Value Added Tax (VAT), service tax, luxury tax etc.**
 - It is essentially a consumption tax and is levied at the final consumption point.

▪ Tax Structure under GST:

- Central GST to cover Excise duty, Service tax etc,
- State GST to cover VAT, luxury tax etc.
- Integrated GST (IGST) to cover inter-state trade.
 - IGST per se is not a tax but a system to coordinate state and union taxes.
- Under GST, Goods and services are divided into five different tax slabs for collection of tax: 0%, 5%, 12%, 18% and 28%.

What are the Issues Related to GST?

▪ Complexity:

- The GST system in India is quite complex, **with multiple tax rates, exemptions, and compliance requirements.**
- It **hampers the progress of a single indirect tax rate** for all the goods and services in the country.

▪ High Tax Rates:

- Some industries and goods are subject to high GST rates, **which can make them**

unaffordable for many consumers.

- For example, the tax rate on luxury goods and services is 28%, which is quite high.
- Though rates are rationalized, 50% of items are under the 18% bracket.

▪ **Compliance Burden:**

- The GST regime has a lot of compliance requirements, including **filing of returns, maintaining records, and regular audits**. This can be a burden for businesses, especially small and medium enterprises.

▪ **Technical Issues:**

- There have been reports of **technical glitches in the GST network**, leading to delays in filing returns and claiming input tax credits.

▪ **Impact on the Unorganized Sector:**

- The unorganized sector, which forms a significant part of the Indian economy, has been **adversely affected by the GST**.
- Many small businesses and traders have **found it challenging to comply with the new tax regime**.

▪ **Lack of Clarity:**

- There is still a lack of clarity on some aspects of the GST regime, such as the classification of goods and services and the applicability of tax rates. **This lack of clarity can create confusion and disputes.**

Way Forward

- Simplifying the compliance process, providing easier access to information, and increasing support **for taxpayers can help address this issue.**
- Technical issues such as system downtimes, portal errors, and other glitches can cause significant disruptions for businesses. Addressing these technical **issues can help businesses comply with GST requirements more effectively.**
- Many small businesses and traders are not fully aware of the GST system and its implications. **Increasing awareness and education about the GST system** can help improve compliance and reduce errors.
- GST is a collaborative effort between the central and state governments, and coordination between them is crucial to its success. Improving communication and coordination can help ensure a smooth implementation of the GST system.

UPSC Civil Services Examination Previous Year Question (PYQ)

Prelims

Q1. Consider the following items: (2018)

1. Cereal grains hulled
2. Chicken eggs cooked
