DAILY WAGES OF MALE RURAL AGRICULTURAL WORKERS

What are the Issues associated with Rural Wages?

- Rural jobs are **dependent on agriculture** which in turn is influenced by monsoon and rabi and kharif production.
- Low agricultural prices contribute to lower incomes in rural areas.
- Most new jobs in the rural areas are for unskilled workers, so the wages and nature of the work are unattractive.
- There is a strong gender disparity, where the female worker is paid only 70% of what the male worker earns.
- Productivity increases without wage increases could offset the impact of real wage increases on welfare.

Way Forward

- To tackle the challenge of creating decent jobs for its growing young population, **action will be needed on multiple fronts** including investments in human capital, revival of the productive sectors, and programmes to stimulate small entrepreneurship.
- **There must be incentives provided to rural food processing industries**, and value chains must be efficient in linking processing with transportation.
 - In addition, contract farming and direct farm-factory connections offer considerable potential for rural income security.
- **Digitalisation in rural space and Local e-governance will be critical to making 650,000 villages** and 800 million citizens self-sufficient.
 - Through active collaboration between the public and private sectors, a rural knowledge

- platform can be built that will bring cutting-edge technology deeper into villages and create jobs.
- Artificial Intelligence can be used to facilitate smart and precise agriculture.

UPSC Civil Services Examination, Previous Year Question (PYQ)

Q. Among the following who are eligible to benefit from the “Mahatma Gandhi National Rural Employment Guarantee Act”? (2011)

- (a) Adult members of only the scheduled caste and scheduled tribe households
- (b) Adult members of below poverty line (BPL) households
- (c) Adult members of households of all backward communities
- (d) Adult members of any household

Ans: (d)

Exp:

- Mahatma Gandhi National Rural Employment Guarantee (MGNREGA), which is the largest work guarantee programme in the world, was enacted in 2005 with the primary objective of guaranteeing 100 days of wage employment per year to every household whose adult members volunteer to do unskilled manual work.
- It aims at addressing the causes of chronic poverty through the ‘works’ (projects) that are undertaken, and thus ensuring sustainable development. There is also an emphasis on strengthening the process of decentralisation by giving a significant role to Panchayati Raj Institutions (PRIs) in planning and implementing these works.
- **Therefore, option D is the correct answer.**
