

MPPSC's Documentary 'Pradipti' released by Governor

Why in News?

On July 9, 2023, Madhya Pradesh Governor Mangubhai Patel released the documentary film 'Pradipti' prepared by the Madhya Pradesh Public Service Commission at Raj Bhavan.

Key Points:

- On this occasion, Governor Mangubhai Patel said that the efforts of the Madhya Pradesh Public Service Commission to reduce the fear of examination by making candidates aware is commendable. The documentary produced by the Commission is an innovative and exemplary initiative in this direction.
- The Governor said that the documentary prepared by the Commission regarding the preparations for the examination will free the candidates from the fear of examination. With the increase in awareness of the candidates, the functioning of the Commission will be more transparent.
- Madhya Pradesh Public Service Commission Chairman Dr. Rajesh Lal Mehra said that in the documentary 'Pradipti', information has been given about the rules and instructions related to the examination to make the candidates appearing in various examinations and interviews of the Commission aware.
- Regarding various recruitment examinations, it has often been seen that many candidates keep making some mistakes and correspondence to correct them. They also do not have proper knowledge of the functioning of the Commission. This fully examinee-centric documentary will help them in this direction.
- The purpose of the documentary is to train competitive candidates by giving them various information related to the examination. In the documentary, the candidates have been given detailed information about the work to be done before the examination, precautions during the examination, interview information and useful information after the interview.
