

# First Project in Haryana to Get Post-facto Environmental Clearance

### Why in News?

Recently, a private university built on protected **Aravali** land was given a post-facto approval by the **Ministry of Environment, Forest and Climate Change (MoEF&CC).** 

 It is the first project in Haryana to get post-facto environmental clearance since the <u>Forest Conservation Act (FCA)</u>, 1980 was amended.

#### **Key Points**

- Categorized under sections 4 and 5 of <u>Punjab Land Preservation Act (PLPA)</u>, **1900** the university lies on 13.6 hectares of Aravali land, which prohibits <u>deforestation</u>, resale and fragmentation of land without prior permission.
- Due to the amended act the government can approve projects or industries that had begun functioning without obtaining prior environment clearance and disclosing their environmental impact after a review in line with provisions of the Act.
- The committee gave its approval on few conditions:
  - The land should not pass through any <u>national park</u>, wildlife sanctuary, <u>elephant</u>, or tiger reserve.
  - The university identifies an equal area of non-forest land for **compensatory afforestation** and should carry out plantation on it.
- In exceptional cases regional forest department offices have been directed to examine and process such proposals and forward them to the ministry with comments and recommendations for appropriate decisions.
- The amended FCA states that **it will be applicable to land parcels "notified" as forest according to the** <u>Indian Forest Act, 1927</u>. The revised FCA is not applicable in areas converted from forest for non-forest purposes by any government authority authorized by the state before December 12, 1996.
- On December 12, 1996, the Supreme Court delivered its landmark judgment in the <u>Union of India</u>
  <u>Vs T N Godavarman case</u> ordering application of the FCA to any area that qualified as a
  forest as per its dictionary meaning.

## **DIVERSION 'UNAVOIDABLE & BAREST MINIMUM'**

- 1998 | Construction of university begins next to Badkhal-Surajkund road in Faridabad, continues till 2004-05
- 2008 | Forest dept submits report to Supreme Court, saying the university building and other encroachments on forest land are to be razed
- 2022 | Forest dept tells Union environment ministry university was built in violation of Forest (Conservation) Act, 1980
- 2023 | After FCA amendment, university approaches environment ministry for post-facto clearance. It's granted by advisory committee

#### WHY THE NOD

According to the ministry's advisory committee,

- Requirement of land to be diverted is 'unavoidable and barest minimum'
- As university proposal envisaged 'access' to education in area, there's forest land is unavoidable
  - > University is not located on forest land with any socio-cultural or cultural value
- ➤ There's no protected archaeological/heritage site or defence establishment in area
- > No rare or endangered species of flora and fauna recorded in area
- University does not lie in way of any national park or wildlife sanctuary
