- Recent initiatives by India to fast-track the construction, operationalisation, simplification and streamlining of procedures for transport over the **International North-South Transport Corridor as well as construction of the Chabahar sea-port and its hinterland will go a long way in improving connectivity between the two countries.**

Kyrgyzstan and Central Asia

- Kyrgyzstan is a **country in Central Asia** which is bounded by Kazakhstan on the northwest and north, by China on the east and south, and by Tajikistan and Uzbekistan on the south and west. The capital is **Bishkek**.
- Kyrgyzstan shares the Fergana valley with Uzbekistan and Tajikistan. **The valley is home to several terrorist groups like Islamic Movement of Uzbekistan (IMU), Hizb-ut-Tahtir (HuT)** and others which can cause instability. They are prone to increasingly indulge in violent acts if Taliban expands its presence from beyond the borders of Afghanistan.

- The Central Asia region (CAR) is **rich in minerals, especially hydrocarbons**.
- India as an extended neighbour of CAR has major geostrategic and economic interests in this region.
- The future prospects for cooperation between Central Asia and India in the field of **energy security** seem to be very important. **Peace and stability in CAR and Afghanistan seems to be the most crucial factor for India's security.**
