

Sudarshan Setu

[Source: IE](#)

Recently, the Prime Minister of India inaugurated the **Sudarshan Setu (also known as the Okha-Beyt Dwarka Signature Bridge)**, India's longest cable-stayed bridge connecting the Okha mainland and the **Beyt Dwarka island in Gujarat**.

- The bridge is technically a sea link, a first for Gujarat, with a total length of 4,772 meters, featuring a 900-meter-long cable-stayed section.
 - It also has **solar panels installed** on the upper portions of the footpath, **generating one megawatt of electricity**.
- The Union government funded the project, underscoring its strategic importance.
 - **Beyt Dwarka, is the second largest island off the Gujarat coast**, after the Union Territory of Diu.
- The bridge, constructed as a part of **National Highway (NH) 51** that runs along the sea coast of **Saurashtra**, was built by the NH division of Gujarat Roads and Buildings Department.
- **Atal Setu** is the longest bridge in India and also the longest sea bridge in the country.
