What is the Need for Setting up NITI Aayog-like Bodies in States?

- States are the Indian economy's growth drivers. The **national gross domestic product (GDP) growth is an aggregation of states' rates of growth** except for sectors like defence, railways and highways.
 - **Health, education and skilling are primarily with the state government.**
- State governments' role is **critical to improving ease of doing business, land reforms, infrastructure development, credit flows and urbanisation**, all of which are vital for **sustained economic growth**.
- Most states so far have **done little to rejuvenate their planning departments/boards**, which earlier dealt with the Planning Commission and prepared parallel state five year-plans with the

Centre.

- Most states' **planning departments, with huge manpower, are almost defunct and have no clarity what work they will do.**

What is the Agenda for Implementation?

- Initially, it **aims for 8-10 states to set up such bodies**, before reaching out to all by March 2023.
 - Four states i.e., **Karnataka, Uttar Pradesh, Madhya Pradesh and Assam** have already begun work in this regard.
 - Maharashtra, Odisha, Andhra Pradesh and Gujarat will likely begin work soon.
- **A plan has been chalked** out by NITI Aayog to:
 - Help in the **creation of teams that will examine the existing structure** of state planning boards.
 - Conceptualise the **State Institution for Transformation (SIT)** in the next 4-6 months.
 - **Lateral entry of professionals will be encouraged in SITs** to undertake high-quality analytical work and policy recommendations.
- Besides reorienting state planning boards as SITs, a blueprint will be made on:
 - **Guiding states in policy formulation.**
 - **Monitoring and evaluation of government policies and programmes.**
 - **Suggesting better technology or models for delivery of schemes.**
