

Mukhyamantri Gramin Setu Nirman Yojana

Why in News?

Recently, the Bihar government approved the "**Mukhyamantri Gramin Setu Nirman Yojana**" (**MGSNY**) to **boost rural infrastructure** through the construction of **small bridges in the state**.

Key Points

- **Objective of the Scheme:**
 - The "Mukhyamantri Gramin Setu Nirman Yojana" (MGSNY) aims to enhance connectivity in **rural Bihar**.
 - The scheme is focused on constructing **1,000 small bridges** across various rural areas.
- **Target Areas:**
 - The initiative prioritizes **remote and rural regions** that face difficulties due to inadequate infrastructure.
 - It is expected to address the issue of inaccessibility during **monsoon seasons**, when rivers and **streams overflow and disconnect villages**.
- **Expected Benefits:**
 - The bridges will significantly **improve transportation** for rural populations, enabling easier movement of goods and people.
 - Enhanced infrastructure will contribute to **economic development** in rural areas by connecting **farmers, traders, and service providers to markets**.
 - It will also improve **access to education and healthcare**, ensuring quicker and more reliable transit for school children and patients in need of urgent medical care.
