

Chhattisgarh Govt Announces DA Hike for State Employees

Why in News?

Recently, the Chhattisgarh government announced a 4% hike in <u>Dearness Allowance (DA)</u> for its employees ahead of <u>Diwali</u>.

Key Points

DA Hike Details:

- The Chhattisgarh government increased **DA by 4**%, benefiting state employees and pensioners.
- This brings the total **DA to 42% of the basic salary,** aligning with the Seventh Pay Commission's recommendations.

Dearness Allowance (DA):

• It is the cost-of-living adjustment to offset inflation, provided to government employees and pensioners. It is calculated as a percentage of the basic salary.

Impact on Economy:

- Increased Consumer Spending: The hike boosts disposable income, especially around festive periods, spurring consumer demand.
- **Inflation Control:** DA helps employees manage inflation, but an increase in demand could potentially raise inflation if supply doesn't keep pace.
- **Fiscal Pressure:** For the government, DA hikes increase expenditure, which may strain the fiscal budget but stimulate economic growth through consumption.

Pay Commission

- The Pay Commission is a body set up by the Central Government that reviews and recommends changes to the salary structure of employees.
- The composition of the Pay Commission comes under the Department of Expenditure (Ministry of Finance).
- Pay commissions are usually constituted every 10 years and the first pay commission was set up in 1946. Since Independence, a total of seven pay commissions have been formed.
- The **latest pay commission** was **set up in 2014** and its recommendations came into effect in 2016. Currently, central government employees and pensioners get salaries based on the recommendations of the **7**th **pay commission**.
- It is **not mandatory** for the government to accept the recommendations of the pay commission. The government may choose to accept or reject the recommendations.
