

Investors' Summit 2024

Why in News?

The **Rajasthan** government is planning to host a **three-day** <u>Investors' Summit</u> **in December 2024.** The state government plans to organise these summits annually to speed up <u>industrialization</u>.

Key Points

- The business sector in the state believes that the regular occurrence of such incidents could potentially draw attention, effort, and funds away from the industries department's other responsibilities, as organising these events involves extensive year-round planning and preparation.
- The task of providing an industry-friendly environment rigorous engagement starting from policymaking to implementation, infrastructure development, administration and monitoring, dispute resolution and host of other responsibilities.
- The main emphasis should be on developing an attractive industrial policy to attract investments from other states to the region.
