

# **Limits on Multi-Cap Fund Investments**

## Why in News

Recently, the <u>Securities and Exchange Board of India</u> (SEBI) has imposed some limits on multicap funds.

### **Multi-Cap Fund**

- Multi-cap funds are those that diversify their investments into all three categories (small, medium, and large-cap).
- These funds invest by market capitalization of shares.
  - Market capitalization is the aggregate valuation of the company based on its current share price and the total number of outstanding stocks.
  - It is calculated by multiplying the current market price of the company's share with the total outstanding shares of the company.
- Large cap stocks: Stocks of top 100 listed companies in terms of full market capitalisation.
- Mid-cap stocks: Stocks of top 101 to 250 companies in terms of full market capitalisation.
- Small-cap stocks: Stocks of companies above 251 in terms of full market capitalisation.

## **Key Points**

### Changes Made:

- A multi cap fund will be required to invest a minimum of 75% of its total assets in equities and equity-related instruments.
  - At present, the rule is to invest a minimum of 65% in equities.
- Minimum investment of 75% has to be allocated in between large cap companies, mid cap companies and small cap companies, with a minimum share of 25% in each. The rest 25% can be invested as per the investor's choice.
  - Till now, fund managers of multi cap mutual funds were investing across market capitalisation as per their choice.

#### Reason:

- The changes have been done **to diversify the underlying investments** of multi-cap funds across the large-cap, mid-cap and small-cap companies and be true to the label.
- Currently, the portfolio of most multi cap funds is **biased towards large caps** with 65% to 90% of their portfolio in large cap stocks.

### Impact:

 Fund houses will have to cut their exposure to big cap stocks and invest in mid- and smallcap stocks.  $\circ\,$  This will result in up to Rs. 40,000 crore moving from largecap to broader market (mid-cap and small-cap fund).
