

# **Bihar's First Transgender Sub-Inspectors**

## Why in News?

 Recently, three <u>transgenders</u> qualified the Bihar Police Subordinate Services Commission (BPSSC) exam to become police sub-inspectors.

## **Key Points**

- Following a Patna <u>High Court</u> judgment in 2021, the **State government had asked BPSSC to recruit third genders into police services.**
- According to the <u>2022 caste survey conducted in Bihar</u>, the **transgender population** is reported to be **825 (0.0006%)**.
  - This figure contrasts sharply with the 2011 census, which recorded 40,827 transgenders in the state.

## **Transgender**

- According to the <u>Transgender Persons (Protection of Rights) Bill 2019</u>, transgender means a person whose gender does not match with the gender assigned to that person at birth.
- It includes trans-person with intersex variations, gender-queer and people having such sociocultural identities as kinnar, hijra, aaravani and jogta.
- India's 2011 Census was the first census in its history to incorporate the number of 'trans' population of the country. The report estimated that 4.8 million Indians identified as transgender.

#### Census

- Origin of Census:
  - The origin of the Census in India goes back to the colonial exercise of 1881.
  - Census has evolved and been used by the government, policymakers, academics, and others to capture the Indian population, access resources, map social change, <u>delimitation</u> exercise, etc.
- First Caste Census as SECC (Socio-Economic and Caste Census):
  - SECC was conducted for the first time in 1931.
  - SECC is meant to canvass every Indian family, both in rural and urban India, and ask about their:
    - **Economic status**, so as to allow Central and State authorities to come up with a range of indicators of deprivation, permutations, and combinations of which could be used by each authority to define a poor or deprived person.
    - It is also meant to ask every person their **specific caste name** to allow the government to **re-evaluate which caste groups** were economically worse off and which were better off.
