

# **Action Against Illegal Mining**

### Why in News?

Recently, the **Deputy Chief Minister of Jammu and Kashmir** chaired a **high-level meeting** to deliberate on the pressing issue of <u>illegal mining</u> across Jammu and Kashmir.

## **Key Points**

- Strict Measures Against Illegal Mining:
  - The Deputy CM directed officials to implement stringent measures to eradicate illegal mining.
  - He stressed the need for night-time vigilance and frequent inspections to monitor activities.
  - Emphasis was placed on ensuring accountability at all levels of administration.
  - **Issues of mismatch** between field data and records on the <u>J&K Mining Web Portal</u> were also highlighted.
- Data Management and Coordination:
  - Officials were instructed to provide updated and comprehensive data on mining activities.
  - Consistent coordination with police was urged to enhance field-level monitoring.
- Environmental Concerns and Sustainable Management:
  - Concerns were raised over pollution in water bodies caused by illegal mining.
  - The need for concerted efforts to address ecological damage as part of <u>sustainable</u> <u>resource management</u> was emphasized.

## **Illegal Mining**

#### About:

- Illegal mining is the extraction of minerals, ores, or other valuable resources from land or water bodies without the necessary permits, licenses, or regulatory approvals from government authorities.
- It can also involve the violation of environmental, labor, and safety standards.

#### Issues:

- Environmental Degradation:
  - It can lead to deforestation, soil erosion, and water pollution and can result in the destruction of habitats for wildlife, which can have serious ecological consequences.
- Hazards:
  - Illegal mining often involves the use of hazardous chemicals such as mercury and cyanide, which can pose serious health risks to miners and nearby communities.
- Loss of Revenue:
  - It can lead to a **loss of revenue for governments** as miners may not pay appropriate taxes and royalties.
  - This can have significant economic impacts, particularly in countries where natural resources are a major source of revenue.
- Human Rights Violations:

• Illegal mining can also result in <u>human rights violations</u>, including forced labor, child labor, and exploitation of vulnerable populations.
