

Securitypedia

The [Central Industrial Security Force \(CISF\)](#) has launched an **online encyclopedia** called **Securitypedia**.

- Securitypedia is a website which incorporates a wide range of **security related issues**, best **practices** and latest **technologies** (in the domain of security) available across the world.
- It is not just a static website containing data archives but is more of a **dynamic platform** where a force member can contribute by **writing blogs** on relevant security related professional issues.
 - Just like **Wikipedia**, any member could **post information** or **edit** articles after citing authentic and verifiable sources.
- As a supplement to Securitypedia, CISF has also developed **CISF Tube** which is an **online video database** of all videos relevant to CISF.
- The videos available on CISF Tube enables CISF personnel to **learn** on various subjects related to their area of functioning.
