

National Exit Test

For Prelims: National Medical Commission, National Medical Commission Act, 2019, NExT,

For Mains: Significance of replacing the Indian Medical Council with National Medical Commission.

Why in News?

Recently, the <u>National Medical Commission (NMC)</u> issued the proposed draft regulations related to the <u>National Exit Test (NExT).</u>

What is the Objective of the Regulation?

- To provide consistency across the nation in the summative evaluation with regard to the minimum common standards of education and training for a medical graduate.
- The objective of the NExT is to improve the quality of healthcare in India by ensuring that all doctors have a minimum level of competency and knowledge before they begin practicing medicine.

What is National Exit Test?

- The NExT is a medical licensing exam that is designed to assess the competency of medical graduates.
- Students who received their medical degrees from NMC approved medical institutions and overseas students also will have to qualify the National Exit Test.
- To register for medical practice in India, they must pass the NExT test.
- This centralized common exam will be conducted by a body formed by the commission for this purpose.
 - National Medical commission (Amendment) Bill,2022, proposes an autonomous board, 'Board of Examinations in Medical Sciences', which, when comes to effect, will be responsible for holding the NExT exam.
 - Currently, the National Board of Examinations in Medical Sciences (NBEMS) is responsible for holding exams like NEET PG (National Eligibility cum Entrance Test Postgraduate), Foreign Medical Graduate Examination (FMGE).
- NExT will take the place of tests like FMGE and NEET PG.
- The NExT will comprise two separate exams called 'Steps'.

Who is Eligible to Appear in the NExT?

- All the students who have completed the final MBBS course from a Commission-recognised medical college would be eligible to appear in the exam.
- There is no restriction in the number of attempts provided that the candidate passes both the steps within 10 years of joining MBBS.
- Just by clearing the NExT exam the foreign medical graduates will get licentiate to become practicing doctors.

What is the National Medical Commission?

About:

- The National Medical Commission (NMC) is a statutory body in India that was
 established in 2019 by the Indian government to replace the Medical Council of India
 (MCI).
- The NMC has been constituted by an act of Parliament known as National Medical Commission Act, 2019
- The **NMC** is a regulatory body for the medical education sector in India.

• Mission and Vision:

- The Aim of the **National Medical Commission** are to
 - Improve access to quality and affordable medical education.
 - Ensure availability of adequate and high quality medical professionals in all parts of the country.
 - Promote equitable and universal healthcare that encourages community health perspective and makes services of medical professionals accessible to all the citizens.
 - Encourages medical professionals to adopt the latest medical research in their work and to contribute to research.
 - Objectively assess medical institutions periodically in a transparent manner.
 - Maintain a medical register for India.
 - Enforce high ethical standards in all aspects of medical services.
 - Have an effective grievance redressal mechanism.
 - It also has the authority to regulate fees for medical courses and to conduct inspections of medical colleges to ensure that they meet the necessary standards.
