

# International Credit Card Spending Outside India under LRS

**For Prelims:** FEMA, Tax Collected at Source, Reserve Bank of India, [Liberalised Remittance Scheme \(LRS\)](#).

**For Mains:** Significance of Liberalised Remittance Scheme, FEMA

## Why in News?

Recently, the Finance Ministry of India, in consultation with the [Reserve Bank of India \(RBI\)](#), has made significant amendments to the [Foreign Exchange Management Act \(FEMA\)](#), bringing **international credit card spending outside India under the [Liberalised Remittance Scheme \(LRS\)](#)**.

- This comes in the backdrop of a surge in spending in overseas travel. Indians spent **12.51 billion USD** on overseas travel between **April-February of fiscal 2022-23**, a **rise of 104%** compared to the same period of the last year.
- The inclusion enables the levy of the higher **rate of [Tax Collected at Source \(TCS\)](#) as announced in the Budget for 2022-23** effective from 1st July 2023.

## What are the Key Details and Implications?

- **Inclusion of International Credit Card Spend in LRS:**
  - The amendment is expected to facilitate the **monitoring of high-value overseas transactions** but does not apply to **payments for purchasing foreign goods/services from India**.
- **Omission of Rule 7 and Expansion of LRS:**
  - Previously, the usage of international credit cards for expenses during trips abroad was not covered under LRS.
  - Rule 7 of the **Foreign Exchange Management (Current Account Transaction) Rules, 2000**, which excluded such spendings from LRS, has been omitted.
    - This amendment allows international credit card transactions to be included in determining the overall **LRS limit of 250,000 USD per person per financial year**.
- **Tax Implications:**
  - A **TCS levy of 5%** will be applicable on such transactions until 1st July 2023 (except for medical and education-linked sectors).
  - After 1st July 2023, the **TCS rate will increase to 20% for credit card spends** outside India.
    - The new provisions will not apply on payments for **'education' and 'medical' purposes** and do not impact changes in the use of international credit cards by residents while in India.
  - The mechanism for levying TCS on overseas credit card spends is yet to be made functional, which poses compliance challenges for banks and financial institutions.
- **Impact on Compliance and Refunds:**

- Banks and financial institutions may experience an **increased compliance burden due to these changes.**
- **Taxpayers can claim refunds on the TCS levy while filing tax returns,** which could result in locked funds until refunds are initiated by the tax department.
