

Government Announces Measures to Resolve Shipping Woes

Source: PIB

An inter-ministerial meeting led by the Union Minister of Commerce & Industry addressed concerns over rising freight costs, container shortages, and port congestion.

- Key Decisions from the Meeting: Significant reductions in shipping costs with measures like allowing free storage of empty containers at <u>Jawaharlal Nehru Port Authority (JNPA)</u> for up to 90 days.
 - JNPA in Navi Mumbai is a premier container port, handling about 50% of India's containerized cargo. It ranks 26th among the world's top 100 container ports and connects to over 200 global ports.
 - Container Corporation of India (CONCOR), a Navratna Company, has reduced loading, handling, and storage fees.
 - Shipping Corporation of India (SCI) announced chartering of ships to increase container capacity by 9,000 twenty-foot equivalent units (TEUs), along with plans to acquire five more container ships.
 - Faster custom clearances through simultaneous screening of two 20 ft containers at ports, implemented by the <u>Central Board of Indirect Taxes and Customs (CBIC)</u>.
 - Private container yards will now have to register with GST authorities to curb illegal profiteering and prevent cash transactions.
- Freight forwarder associations, and exporters expressed satisfaction, stating that the government's measures will ease logistical bottlenecks and enhance trade flow.
