

Review of Swachh Bharat Mission Grameen Progress | Madhya Pradesh | 12 Dec 2024

Why in News?

- Recently, the Union Minister of Jal Shakti led a high-level review meeting with State Ministers responsible for rural sanitation from Punjab, Madhya Pradesh, and Bihar to strengthen the <u>Swachh Bharat Mission Grameen (SBM-G)</u>.
- The session aimed to assess progress, tackle challenges, and streamline strategies to ensure sustainable sanitation outcomes in rural India.

Key Points

- The Union Minister emphasized sanitation as a behavioral mission critical to the health and dignity of rural communities.
- He underlined the importance of shaping a cleaner, healthier India through collective efforts, noting that each State/UT has unique challenges but shares the common goal of achieving a Swachh Bharat.
- State-Wise Progress:
 - Madhya Pradesh:
 - **99%** of villages are <u>Open Defecation Free Status (ODF) Plus</u>, with 95% achieving ODF Plus Model status.
 - The state implemented innovative plastic waste management initiatives, including MoUs with RRDA Bhopal.
 - Uttar Pradesh:
 - 98% of villages are ODF Plus. Over 1 lakh personnel have been trained for SBM-G objectives.
 - Focused on waste-to-energy models and scrap dealer linkages for plastic waste management.
 - Bihar:
 - **92%** of villages are ODF Plus. Grey water management coverage is at 91%, and solid waste management at 80%.
 - Efforts are concentrated on improving outcomes in underperforming districts.
 - Punjab:
 - **98%** of villages are ODF Plus, with 87% achieving grey water management saturation.
 - Enhanced systems are under development.

Minister's Guidance for Collective Action:

- **ODF Plus Sustainability:** Establish robust monitoring mechanisms to verify and sustain ODF Plus Model villages.
- Waste Management Gaps: Address gaps in <u>solid and grey water management</u> by prioritizing household-level solutions.
- Community Sanitation: Strengthen functionality and asset management of community sanitation complexes.
- Plastic Waste Management: Forge partnerships with recyclers and utilize <u>Extended</u> <u>Producer Responsibility (EPR)</u> frameworks.
 - EPR makes producers responsible for the environmental impacts of their products throughout their life cycle. It aims to promote better waste management and reduce the burden on municipalities.

- Behavioral Change: Promote sustained toilet use and waste segregation through targeted <u>IEC (Information Education and Communication)</u> campaigns.
- **Community-Led Approaches:** States to engage **women's** <u>self-help groups</u>, local leaders, and private sector enterprises to foster community-led sanitation efforts.
- Broader Vision and Global Alignment:
 - Swachh Bharat Mission is a cornerstone of rural transformation, integrating <u>sanitation</u>, <u>waste management</u>, <u>water conservation</u>, and community wellbeing.
 - The mission aligns with global goals, including <u>SDG 6 (Clean Water and Sanitation)</u> and <u>SDG 3 (Good Health and Well-being)</u>.
 - The focus extends beyond targets to **building ecosystems of health, dignity, and self**reliance.

Swachh Bharat Mission Grameen (SBM-G)

- About:
 - It was launched in 2014 by the **Ministry of Jal Shakti** to accelerate the efforts to achieve universal sanitation coverage and to put focus on sanitation.
 - The mission was implemented as a **nation-wide campaign/Janandolan which aimed at eliminating open defecation in rural areas.**
- Swachh Bharat Mission (G) Phase-I:
 - The rural sanitation coverage in the country at the time of launch of <u>SBM (G)</u> on 2nd
 October, 2014 was reported as 38.7%.
 - More than 10 crore individual toilets have been constructed since the launch of the mission, as a result, rural areas in all the States have declared themselves ODF as on 2nd October, 2019.
- SBM(G) Phase-II:
 - It emphasizes the sustainability of achievements under phase I and to provide adequate facilities for Solid/Liquid & plastic Waste Management (SLWM) in rural India.
 - It will be implemented from 2020-21 to 2024-25 in a mission mode with a total outlay of Rs. 1,40,881 crores.
 - The SLWM component of **ODF Plus will be monitored on the basis of output**outcome indicators for 4 key areas:
 - Plastic waste management,
 - Biodegradable solid waste management (including animal waste management)
 - Greywater (Household Wastewater) management
 - Fecal sludge management.
