Why in News

Recently, the **Central Public Works Department (CPWD)** released the **new Harmonised Guidelines and Standards for Universal Accessibility** in India 2021.

- The **new rules** envisage changes from the design plan to the implementation.
- Apart from this, **various aspects of the built environment have been covered** under the new guidelines for universal accessibility.
- Earlier, in 2021 the Ministry of Information and Broadcasting had issued [draft guidelines for new accessibility standards](#).

Central Public Works Department of India

- The Central Public Works Department of India (CPWD), is a **premier Central Government authority in charge of public sector works**.
- It comes under the **Ministry of Housing and Urban Affairs (MoHUA)**.
- It deals with buildings, roads, bridges, flyovers, complicated structures like stadiums, auditoriums, laboratories, bunkers, border fencing, border roads (hill roads), etc.
- It was **established by Lord Dalhousie in 1854**.

Key Points

- **About the New Guidelines:**
 - The guidelines are a revision of the **Harmonised Guidelines and Space Standards for Barrier-Free Built Environment for Persons with Disabilities and Elderly Persons** released in 2016.
 - Earlier, the guidelines were for creating a **barrier-free environment, but now we are focusing on universal accessibility**.
 - **Universal Accessibility** refers to the degree to which the environment, products, and services are accessible to people with disabilities.
 - The term **barrier-free design** used to describe the effort of removing physical barriers from the "built environment" for people with disabilities.

- The **guidelines are not just for Persons with Disabilities (PwD)**, but for those involved in planning projects, from the construction of government buildings to master-planning cities.
- **Nodal Ministry:** Ministry of Housing and Urban Affairs (MoHUA).
- **Constitutional and Legal Framework for Disabled People:**
 - [Article 14](#): The State shall not deny to any person equality before the law or the equal protection of the laws within the territory of India.
 - In this context, Persons with Disabilities should have similar and equal rights in the eyes of the Constitution.
 - **UN Convention the Right of Persons with Disabilities:** India is a signatory to the [United Nations Convention the Right of Persons with Disabilities](#), which **came into force in 2007**.
 - The Convention recognizes accessibility as a human right and requires signatories to adopt appropriate measures to ensure access by persons with disabilities.
 - **Accessible India Campaign:** The '[Accessible India Campaign](#)' also known as the **Sugamya Bharat Abhiyan** to enable Persons with disabilities to gain universal access, equal opportunity for development.
 - The campaign seeks to enhance accessibility by making significant changes to the infrastructure, information and communication systems.
 - **Rights of Persons with Disabilities Act, 2016:** The Government of India enacted [The Rights of Persons with Disabilities Act, 2016](#), which is the principal and comprehensive legislation concerning persons with disabilities.
 - The Act defines the responsibilities of the Central and State governments with regard to the services for persons with disabilities.
 - The Act also recommends creating a barrier-free environment by removing all types of discrimination against persons with disabilities where they can share the development benefits which a normal person enjoys.

Disability

- **About:**
 - Disability is a term associated with some **specially-abled people** who sustain a condition that prevents him/her from doing things in the same way as the other people around him.
- **Types of Disability:**
 - **Intellectual disability:** A person having an intellectual disability (ID) is seen to have **low intelligence or rational ability** which is evident in their lack of skills for the basic day to day activities.
 - **Neurological and Cognitive Disorders:** People acquire this type of disability throughout their lifetime, either by a **bad brain injury or multiple sclerosis**.
 - In multiple sclerosis, the cells in a body are attacked by its immune system, thus creating a problem in communication between a body and its brain.
 - **Physical Disability:** It is the most common type of disability found among specially-abled people.
 - These issues can range from the **circulatory system to the nervous system** and

also the respiratory system.

- Cerebral palsy is one such disability that happens because of brain damage and results in problems in movement. The symptoms of such a disability can be seen from birth.
- **Psychiatric Disability:** Such disorders in a person give rise to **anxiety disorders, depression, or various kinds of phobias** in a person.
