

10-minute Ambulance Service in Gurugram

Why in News?

Blinkit is launching a 10-minute [ambulance service](#) in Gurugram and plans to expand it to other Indian cities within the next two years.

Key Points

- **Medical Equipment and Staff:**
 - Each ambulance is equipped with essential medical tools, including [oxygen cylinders](#), **Automated External Defibrillators (AED)**, stretchers, monitors, suction machines, **emergency medicines, and injections**.
 - The service **does not provide [neonatal or ventilator care](#)**.
 - The ambulance team consists of a paramedic, an assistant, and a trained driver.
- **Service Launch and Accessibility:**
 - Initially, five ambulances will operate in Gurugram.
 - Users can book a [Basic Life Support \(BLS\)](#) ambulance through the Blinkit app.
- **Affordability and Vision:**
 - Blinkit aims to offer the service at an **affordable fee of Rs 2,000**.
 - The initiative focuses on **solving a critical problem rather than profit-making**.
