

Agreement for Academic Cooperation Between French Institute and IIT Patna

Why In News?

On October 14, 2023, a Memorandum of Understanding (MoU) for academic cooperation was signed between IIT Patna and the Institute National Polytechnique de Toulouse (Toulouse INP), France. The MoU is aimed at improving symbiotic relations between the two institutions.

Key Points:

- The MoU was signed by Prof. T.N. Singh, Director, IIT Patna, Dr. Asif Iqbal, Associate Dean, Resources, IIT Patna, Dr. Raju Halder, Associate Professor (CSE), IIT Patna and Prof. Pascal Moussivan, Vice President, International Relations, Université Dentulous, France.
- The MoU was signed by the two institutes to jointly conduct exchange of academic, administrative staff and students for various short-term programmes on subjects of mutual interest.
- In addition, it will promote a wide range of research to each other's faculty/students/scholars. It was agreed to invite training/educational programmes to address the problems involved and challenging.
- With this, IIT Patna will move forward in the field of effective research and quality education. India and France have long shared cultural, trade and economic ties.
