

## Mains Practice Question

**Q.** The ethical way is the intelligent way. What does this quote mean for the role of public servants in upholding ethical standards? (150 words)

19 Oct, 2023 GS Paper 4 Theoretical Questions

### Approach

- Begin with a concise introduction that explains the quote.
- Discuss the critical role that ethical standards play in public service.
- You can conclude by summarizing the key points, reiterating the connection between ethics and intelligence in the context of public service.

### Introduction

The quote, "The ethical way is the intelligent way," underscores the inherent connection between ethics and intelligence, particularly in the context of public service. It suggests that making ethical decisions is not only a moral imperative but also a smart and pragmatic choice.

### Body

When applied to the role of public servants, this quote carries several important implications:

- **Accountability:** Public servants manage public resources and make decisions impacting the community. Ethical conduct isn't just right; it's smart because it builds trust, minimizes risks, and preserves reputation.
- **Long-term success:** Ethical decisions in public service benefit society in the long run, fostering the achievement of goals and objectives.
- **Trust and credibility:** Public servants rely on trust to carry out their duties effectively. Consistent ethical behavior builds public confidence and is essential for mission success.
- **Legal and ethical frameworks:** Adherence to codes of conduct is both an ethical choice and a strategic one. It prevents legal consequences, professional sanctions, and personal distress, safeguarding individuals and organizations.
- **Problem-solving and innovation:** Ethical decision-making showcases intelligence by considering diverse perspectives and principles. This thoughtfulness leads to innovative solutions, improving outcomes for constituents.

### Conclusion

The quote "The ethical way is the intelligent way" emphasizes that ethical behavior is not merely a matter of moral duty but also a wise and practical approach. For public servants, upholding ethical standards is not only the right thing to do; it is essential for maintaining trust, ensuring long-term success, and making intelligent decisions that benefit both the public and themselves.
