

Mount Abu Records Lowest Temperature at 2.4°C

Why in News?

Mount Abu, Rajasthan's only hill station, recorded a temperature of 2.4 degrees Celsius, marking the state's lowest temperature.

Note: The highest peak in the **Aravalli Range** is **Guru Shikhar**, located on **Mount Abu**.

Key Points

- Other Regions: In the plains, Sangaria of Hanumangarh recorded a minimum of 5.8°C followed by 6.8°C in Lunkaransar, 7.3°C each in Sirohi and Fatehpur.
 - According to the <u>Indian Meteorological Department (IMD)</u>, Pilani recorded 7.6°C followed by 7.8°C in Churu, 8.2°C each in Sikar and Sriganganagar and 8.8°C in Nagaur.
- Weather Conditions: The cold conditions have affected various parts of Rajasthan, with temperatures significantly lower than usual for this time of year.
- Impact: The unusual cold has prompted discussions about its effects on daily life, agriculture, and tourism in the region.

India Meteorological Department (IMD)

- About:
 - IMD was established in 1875. It is the National Meteorological Service of the country and the principal government agency in all matters relating to meteorology and allied subjects.
 - It works as an agency of the Ministry of Earth Sciences of the Government of India.
 - It is headquartered in New Delhi.
 - IMD is also one of the six Regional Specialized Meteorological Centres of the World Meteorological Organization.
- Roles and Responsibilities:
 - To take meteorological observations and to provide current and forecast meteorological information for optimum operation of weather-sensitive activities like agriculture, irrigation, shipping, aviation, offshore oil explorations, etc.
 - To warn against severe weather phenomena like <u>tropical cyclones</u>, norwesters, <u>dust</u> <u>storms</u>, heavy rains and snow, cold and <u>heat waves</u>, etc., which cause destruction of life and property.
 - To provide meteorological statistics required for agriculture, water resource management, industries, oil exploration and other nation-building activities.
 - To conduct and promote research in meteorology and allied disciplines.
