

Scheme for Remission of Duties and Taxes on Exported Products

[Source: TH](#)

Why in News?

The [Scheme for Remission of Duties and Taxes on Exported Products \(RoDTEP\)](#), initially notified until 30th September 2023, has been extended until **30th June 2024**, with the same rates applicable to existing export items.

What is the RoDTEP Scheme?

▪ About:

- The **Scheme for Remission of Duties and Taxes on Exported Products (RoDTEP)** has emerged as a critical tool in supporting **India's exporters**.
- It became operational on 1st January 2021 replacing the existing export incentive scheme, [Merchandise Exports from India \(MEIS\)](#).
 - This change was prompted by a [World Trade Organization \(WTO\) ruling that determined the MEIS scheme's violation of WTO regulations](#) due to its provision of export subsidies for a broad spectrum of goods.
- The rebate under the scheme is allowed, based on the allowed percentage of **FOB (Freight On Board) value of exports** and issued in the form of a transferable **duty credit/electronic scrip (e-scrip)**, the details of which are maintained in a digital ledger by the [Central Board of Indirect Taxes and Customs \(CBIC\)](#).
- The RoDTEP Committee operates within the **Department of Revenue**.
 - Its primary responsibility is to review and recommend ceiling rates for different export sectors under the RoDTEP Scheme.

▪ Objective:

- Its primary objective is to provide **comprehensive support to exporters by remitting duties and taxes incurred during the production** and distribution of exported products.
 - Importantly, RoDTEP covers **taxes, duties, and levies at the central, state, and local levels**, which are not refunded through any other existing mechanisms.

▪ Financial Allocation:

- In the financial year 2023-24, the Indian Government has allocated a **substantial budget of Rs. 15,070 crores to support the RoDTEP Scheme**.

▪ Stakeholder Engagement

- The Committee recently initiated its activities by engaging with [Export Promotion Councils \(EPCs\)](#) and Chambers of Commerce.

What is Freight on Board?

- **Freight on Board or Free on Board (FOB)** is a shipment term that defines the point in the supply chain when a buyer or seller becomes liable for the goods being transported. Purchase orders between buyers and sellers specify the FOB terms and help determine ownership, risk, and transportation costs.

- **"FOB Origin"** means the **buyer accepts the title of the goods at the shipment point** and assumes all risk once the seller ships the product.
 - The buyer is responsible if the goods are damaged or lost while in transit.
- **"FOB Destination"** means the **seller retains the title of the goods and all responsibility during transit until the items reach the buyer.**

UPSC Civil Services Examination, Previous Year Question:

Prelims

Q. With reference to the international trade of India at present, which of the following statements is/are correct? (2020)
