

# Maharashtra's Tiger Count | Maharashtra | 06 Mar 2025

## Why in News?

**Maharashtra** Forest Minister stated that the **State's** <u>tiger</u> population had risen to 444 in 2025 from 101 in 2000. He attributed the rise in <u>man-animal conflicts</u>, including fatal attacks on humans, to the increasing tiger population.

# **Key Points**

- Proposal for Animal Museum in Maharashtra:
  - The Forest Minister stated that he had written to businessman Anant Ambani, founder of the non-profit Vantara, to establish an "animal museum" in Maharashtra.
  - He also mentioned plans to approve the creation of a museum modeled after similar initiatives in Gujarat, where businesspersons could contribute to setting up such a facility.
- Human-Animal Conflict:
  - The Minister highlighted the increasing incidents of tiger attacks on humans.
  - The concerns about the safety of farmers living near forested areas, including those close to the wildlife sanctuary in Bhandara was raised.
  - It was pointed out that tiger attacks have created fear among farmers and also led to crop destruction.
- Government's Response to the Crisis:
  - The Forest Minister clarified that **the tigress's two-year-old cub had attacked humans** and assured that it would soon be captured.
  - He announced that the government had approved Rs 200 crore for <u>solar fencing</u> in villages near tiger zones.
  - He also assured that the Forest Department was implementing necessary measures to prevent further incidents.
    - The government had **introduced a policy change**, ensuring that farmers would pay only a nominal sum for solar fencing.
    - Instructed authorities to fence villages near forests at no charge to enhance protection.
